

GLATTE INC.

Instrumentation for the Measurement and Control of Industrial Processes

OUR PRODUCT OFFERING

ALLOY VALVES AND CONTROL

High performance ball valves, sanitary ball valves, check valves, gate valves, and globe valves.

INDUSTRIAL SPEED MONITORING SYSTEMS

Hazard monitoring systems, alignment sensors, speed switches, temperature sensors, level indicators, inductive and speed sensors, safety switches, and hand-held sensor tester.

INNOVATIVE AIR HEATING SOLUTIONS

PROCESS HEATERS

Axial fan heaters, duct heaters, flow and heat torch heaters, custom open coil heater.

INFRARED AND THERMAL IMAGING

Non-contact infrared pyrometers, hand held and fixed thermal imaging cameras.

INDUSTRIAL AND LABORATORY OVENS, FURNACES, AND HEATERS

Low and high temperature laboratory furnaces, vacuum formed, ceramic fiber heaters, cast heaters, heater coils, air heaters, kilns, and diffusion heaters.

INDUCTION HEATING SOLUTIONS

Power supplies, work heads and custom coils for brazing, heat staking, shrink fitting, soldering applications and many more.

ADHESIVES, SEALANTS AND FOAMS

Industrial silicones, adhesives, lubricants, foams and wipes.

RECORDERS AND CONTROLLERS

Single and multiloop touch screen controllers, high limits, chart and multichannel video recorders, and IO modules.

MELT PRESSURE TRANSDUCERS

Stem and capillary style melt pressure transducers, melt temperature sensors, and rupture disks.

THERMOCOUPLES/RTD ASSEMBLIES, THERMOWELLS, AND TRANSMITTERS

Single and dual element sensors, 3A sanitary assemblies, transmitters, thermowells, and bi-metal thermometers.

INDUSTRIAL HEATING ELEMENTS

Cartridge heaters, mica, MI and ceramic band heaters, mica, ceramic and finned strip heaters.

OUR PRODUCT OFFERING

INNOVATIVE FLOW AND PRESSURE SOLUTIONS

Mass flow meters, mass flow controllers, and pressure controllers.

INDUSTRIAL HEATING ELEMENTS

Cartridge heaters, mica, MI and ceramic band heaters, mica, ceramic, and finned strip heaters

LAB TEST EQUIPMENT

PH, conductive, ORP meters and test equipment.

HEAVY DUTY SOLENOID VALVES

Sizes up to 3", pressures up to 500 PSI for water, oil, gas and steam. Bronze and SS.

HEAVY/LIGHT DUTY SOLENOID VALVES

Rugged dependable solenoid valves for liquid, gas and steam, bronze cast and stainless steel.

SOLENOID VALVES AND MAGNETIC LEVEL SWITCHES

Solenoid valves for liquids and gases.

CONTROLLERS AND RECORDERS

Single loop controllers and chart recorders.

PLASTIC PROCESS EQUIPMENT

Robots and sprue pickers, granulators, hot air and desiccant dryers, chillers, blenders, and feeders.
